CHANGING ROLE OF STATE IN GLOBAL POLITICS

DR. SHEVETA SEHGAL

ASSISTANT PROFESSOR
POST GRADUATE DEPARTMENT OF
POLITICAL SCIENCE
A.S COLLEGE, KHANNA.

ABSTRACT: Global politics has entered a period of profound and unsettling change. The concept of global politics thus transcends the traditional distinction between the international and the domestic in the study of politics. For at least three hundred years, sovereign states have been the most important political organizations in the global system. State is not a static institution. On the contrary, it is a dynamic institution and it continues to evolve. But now the world politics is moving beyond state sovereignty.

KEYWORDS: Global politics, State, politics, dynamic
